

# LUMAIRE Magnetic A3

In the development of Lumaire Magnetic LED panel the most important goal was – practicality. Our Magnetic frame system is useful when easy print swapping is required. With the help of suction cup the protective acrylic sheet can be lifted, so it takes less than a minute to change the visual.

- Thickness is just 15mm
- Brightness up to 11000lx on the surface depending on size
- Single or double sided, curved
- Low power consumption
- Wide application possibilities, from interior design to signage

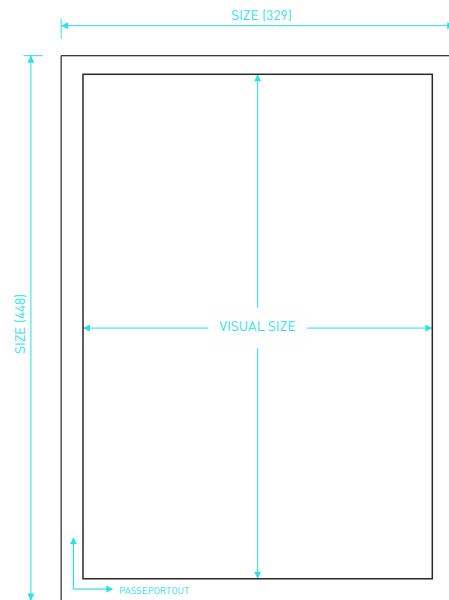

## TECHNICAL SPECIFICATIONS

Manufacturer	Leddex
Product name	Lumaire Magnetic
Main material	Clear acrylic (PMMA)
Thickness	15 mm
Luminous efficiency	up to 180lm/W
Colour temperature	3000K 4000K 5000K 6500 K
IP rating	IP 20
Lifetime	> 50,000 hours
Warranty	3years
Operating temperature	-30°C ~ + 40°C
Wattage	7W
Power supply	DC 24V
Working voltage	DC 24V
Input voltage	AC 100 ~ 240V 50/60Hz

## VISUAL APPEARANCE

### Format A3

External size	Visible size	Poster size
448x329	409x290	438x319

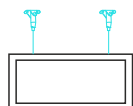

## EASY PRINT CHANGE

## PACKAGE INCLUDES

1x Suction cup

## OPTIONAL ACCESSORIES

Cable installation kit  
(Product code: LLS-KIT1)

## MOUNTING
