Technical Attributes	
Description	STX mounting rail distributor with 6xLC Duplex, splice cassette, Pigtailed, cable strain relief
Fiber Pigtailed	12x G50/125 OM2, LC
Remarks	coloured, stripped for splicing

### Product description

For generic cabling in control cabinets, Telegärtner offers outlets and distributors which can be mounted directly next to one another on the mounting rail. They form the ideal connection between the arriving installation lines and the wiring inside the control cabinet. The components can be quickly and easily mounted on conventional TH 35 rails by simply clicking them in place.

### Performance Characteristics

Mechanical Characteristics	
Material: housing	sheet steel zinc plated, powder coated, light grey RAL 7035
Material: front plate	sheet steel zinc plated, powder coated, light grey RAL 7035
Material: top hat rail adaptor	sheet steel nickel plated
	cable gland M20 for 5-9 mm

---

Cable entry	
Panel piercings	ST Duplex, SC Duplex, LC Duplex, E2000 Compact
Dimensions in mm: Width	35 / 70
Dimensions in mm: Height	125
Dimensions in mm: Depth	140
