

Uninterruptible Power Supply | Monolith | 1200VA | 720W | LCD | USB

Product code: 53954

UPS line interactive UPS Qoltec is a modern and economical device that ensures stable operation of connected electronic devices even in the event of a power failure. The duration of a power supply with a 100W load is 40 minutes. The UPS protects connected devices against loss and voltage drop in the network and excludes the possibility of damage in the event of overvoltages in the electricity network, also protects against overloads and short circuits. The Qoltec offline UPS will meet the requirements of anyone who wants to have control over the stable operation of their devices regardless of fluctuations in the mains supply. Thanks to the highest quality and wide range of operation, it is an ideal solution for powering desktops and other peripheral devices at home or in the enterprise, as well as in educational institutions and offices.
