

4355000

## 1 MG 300 - mechanical caulking gun

- for handling virtually all materials in 310 ml cartridges, such as silicone and acryl
- sturdy design made of fibreglass reinforced plastic
- ergonomic handle design for working without getting tired
- fast and simple cartridge changes thanks to a newly developed cartridge locking mechanism
- with automatic drip-stop function - prevents the caulk from oozing out after releasing the trigger
- packaging: fixed on card

MADE IN EUROPE
