

## 1 tecmobil - mobile drill stand

### Freehand drilling, just like the professionals!

The ideal accessory for your power drill, for precision drilling and hole sawing at given angles in any situation - on the wall, overhead, on slants, in round workpieces, battens and shaped sections.

- machine: power drills
- with connector for dust extraction - dust free and precise drilling in every position
- tiltable double guide bars with scale for precision drilling +/- 45°
- infinitely adjustable depth stop
- straight guide for drilling a number of holes in a line
- additional handle for precise placement and against skidding when drilling
- the versatile mobile drill stand can also be turned into a stationary drill thanks to the four holes in the base plate
- integrated V-groove for securely fixing round workpieces
- base plate with centring mechanism allows centered drilling
- no more searching for drills - drill stack inside handle
- Euronorm collar ø 43 mm
- packaging: covering box
